Had you reviewed this letter? Not that I have any particular concern since I've only scanned it.

Hi Mike and Linda: Attached is EPA's letter to the ACOE expressing our concerns about the mitigation at the Rosemont site. We promised to send it to you upon signature.

FYI. We are still engaged in discussions with the USFS.

Linda: Jason and I would like to set up a call with you to discuss this letter as it may impact your antidegradation analysis toward the 401. We also wanted to take the opportunity to better understand how the antidegradation analysis procedures you have drafted will apply in this situation.

May I suggest a call after your meeting with Rosemont, which I believe is this week. Looking at calendars, Tuesday afternoon, the 19th, from 1-3 PST (2-4 AZ time) or Wednesday, the 20<sup>th</sup> in the morning, 10:00 am to 1:00 pm (11-2 AZ time).

Please let me know what works best for you.

Thanks

Laura
